# Walk through

Step 1 : Go to the copyright page and check the source code

Step 2 : We saw a html comment, they advice to go on the page with the browser ft_bornToSec and from the nsa government so try this command : curl -H "Referer: https://www.nsa.gov/" -A "ft_bornToSec" "ip:/?page=e43ad1fdc54babe674da7c7b8f0127bde61de3fbe01def7d00f151c2fcca6d1c" | grep flag` and get the flag

```
